## 2012 Regional Fire School

To: NOVFA members and Emergency Responders

It is time to make plans to attend this years Northwestern Ohio Volunteer Firemen's Association Regional Fire School held at Bowling Green State University, this year held on March 10 and 11, 2012.

This year there is a major change in our use of the BG facility, the classes will still be held in Olscamp Hall however, our morning assembly will no longer be held in Anderson Arena as the school is using it for other purposes. Our assembly will be held in Kobacker Hall, this is part of Moore Music arts Center. This building is located at the southwest corner of Willard St. and Ridge St., north of parking lot N, this building is entered form the north side by parking lot C (See attached map in school book, also available at [www.novfa.net](http://www.novfa.net))

This year we have several new classes as well as some of the classes we have offered in the past. This school is not limited to NOVFA member and all are welcome, please encourage other emergency responders to attend. As in the past there is no cost to the students, it is just asked that you help support with your attendance and the purchase of raffle tickets. Hope to see you there.
